Hamilton Manufacturing Services (HMS) is a preferred designer, manufacturer, and powder coater of Educational and Office Furniture, Hospitality Products, Material Handling, and Off-road Accessories. Our company handles all our processes under one roof whether it be a complex weldment or a laminated worksurface.

Customer focused, innovative, quality driven and on-time delivery defines everything about **HMS**. Utilizing the latest manufacturing processes means optimized and value-added services to our customers.

Our manufacturing processes and expertise is all under one roof which means we control nearly every step of the manufacturing process, being able deliver consistent results and ongoing support.

We invite you to join **HMS's** group of customers who have come to rely on us as their partner and experience the ways we have made positive contributions to their bottom lines.
